12

1 times out the window and then asked me did I want
2 to fire one.

3 And so I told him I didn't mind, I
4 didn't care, and so I reached in the bag and got
5 a gun and went to pull it out. And he said, "No,
6 don't get that one, get the other one."

7 So I got the other gun and I fired out
8 the window once, and I snapped it and he told me
9 to pull the hammer back on it, and I pulled the
10 hammer back on it and snapped it, and then he
11 pulled on off then.

12 Q In what direction did you fire when you

17 Q How many times did you fire, do you re-
18 member?

19 A One.

20 Q After you fired the gun, what did you
21 do with it?

22 A Put it back in the bag.

23 Q Do you know what Charley did, or did you
24 see what Charley did with the one that he fired?

25 A No, I didn't.
